Title of Invention: "A DISPOSABLE ABSORBENT ARTICLE HAVING A JOINED COMPACTLY STORED DISPOSABLE STORAGE BAG"

Applicant(s): Bradley D. Olsen, Sandy, UT; Aaron D. Olsen, Sandy, UT;

ABSTRACT

A disposable absorbent article(s) with a built-in, self-containing disposal system, which includes a joined and or bonded compactly stored pull-out sealable storage bag within a safety pouch or under an over-layer of material that is protected by a discreet integrated child-resistant safety tab or tape, that is disposed discreetly and directly to the center of the back waist region on an outer surface and/or backsheet of the disposable absorbent article.
